Door to Men's Spring Fashions

Our present "preparedness" marks the climax of months of careful selection. The wealth of bright, new merchandise, already gathered here for the critical man's choosing, has required attentive study in making and buying.

The keenest judgment of experts, a treatendous purchasing power, and the less brains and skill of America's leading makers of masculine apparel hape all contributed their utmost in the creation of this vast and distinctive lisplay of fine wearables.

The responsibility of gathering and guaranteeing the quality and de-sirability of the goods is with us—the pleasure of selection with you. Our ciothing service is this season more extensive, more diversified, more complete, than ever before.

ALSHULER BROS. CO.

Showing of Apparel

Men. Young Men and Boys

Easter marks the awakening of nature from its long winter's sleep, the re-clothing of the sombre fields and forests in becoming raiment.

Faster Clothes

are but a reflection of this natural and universal impulse. They mark the casting off of winter's cumbersome restrictions in the matter of dress.

Your Easter Suit should be selected in the spirit of the Easter tradition; should be seasonable in the matter of style but irreproachable from the standpoint of good taste.

Our belt all around models in suits and overcoats for young men are so decidedly distinctive that there can be no doubt of their popularity: a trifle more conservative are the half and three-quarters belted styles. Even the more elderly man will be pleased to find here a style perhaps a trifle more youthful than that which he has been accustomed at \$15,00 to \$30,00.

COAL weather is not yet past. Look out for the comfort and health of your family by keeping a supply on hand. Remember, the best goes the farthest, and we sell only the best.

LEDDEN COAL CO. 84 Main St

ANNOUNCEMENT

Since we have discontinued the manufacture of gas house coke we have been retailing by-product. Vulcan coke, which we have purchased from the Coal Products Manufacturing Company of Joliet.

During the last two seasons the price of coal has been so high and the difficulty of obtaining good qualities of coal has been so great that it is impossible for us to guarantee deliveries. We, therefore have been compelled to decide to cease selling coke after March 31st.

As far as the supply will warrant Vulcan coke will be handled by local dealers.

Western United Gas and Electric Company

DR. COFFEE Tuesday, April 3

Pallents One Time Free

If YOU

are thinking of buying a set of the new Encyclopaedia Britannica printed on genuine India paper, you can see sets of this great work and place your order right here in Aurora

HIS announcement is made in order that every, person in Aurora who wants to own a set of the Britannica can make sure before buying that it would be useful and helpful. No one should buy a set unless he is positive that it will be useful to him.

Come and see sets of the Britannica, of both the high-priced Cambridge Issue and the popular-priced "Handy Volume" Issue, printed on genuine India paper.

This will enable you to find out at first hand what a vast fund of information the Britannica contains; and you can make your own comparison of the two issues, as to size, type, style of binding and price.

The Cambridge Issue is the large-page, large-type, wide-margin set, printed on genuine India paper—making a superb set of books. The 'Handy Volume' Issue is also printed on genuine India apper, slightly smaller page and type, narrower margins, and selling for about 60 per cent less in price than the Cambridge Issue.

So far as the choice of either set is concerned, it is mainly a question of which you prefer or call afford. They are identical in contents, page for page; illustration. But there is no question as to the unful-most of the Marineau. This wonderful library, in its present laster edition, in the most complete and authoristive survey of all knowledge ever published.

Examine I for yourself. Take the index of 500,000 facts and go through a page or two. Note the beautiful ladia page—how thin but tought it is, how light and convenient to hold it makes can volume. Make your own comparison of prices asked for the different bindings of the two staces, Inquire about the convenient terms of payment if you do not wish to pay cash.

But act promptly—sets now offered for sale are the last. And the end of the sale is here. See sets and leave orders at

M.C. SAWYER FOX AND WATER STREETS

Joe Frey Says:

IT sure feels good to get back to Aurora and greet the old friends and see the familiar faces -- seems true there's no other little city like it on the face of this earth.

Made it a point while I was away to sample sea foods—and I tasted a mighty lot—but found none more delightfully gratifying than those I pass across my counter down here on South Broadway.

I want you fellows who have never tried them to let that statement soak in, hoping that it will interest you sufficiently to taste the lobsters, trout steak, black sea bass, clams, shrimp and other choice foods-sure to please because of the way my chef prepares them.

Ghe Most Beautiful Car in America

THIS new Paige Linwood "Six-30" in the three months since it was announced -has won a distinction remarkable even for Paige Cars, which year after year establish records for instantaneous popularity.

This new Paige Linwood is already recognized as the most easily sold and the most eagerly bought five passenger moderate-price motor car on the market. That has been its reception and achievement in three months.

You will find the explanation for this—when you see the Linwood—in the beauty of line and design, in the spacious roominess, in the elegance and comfort of every feature that go to make up luxurious motoring.

You will find the explanation for this in the power and responsiveness of the motor, in the ease of control, in the ease and security and pleasure of driving the Linwood.

The five passenger Linwood is a blood-brother of the Big Paiges, designed by the same engineers, built of the same high-grade materials and same painstaking workmanship.

Paige-Detroit Motor Car Company, Detroit, Michigan

ARNOLD GARAGE

The Car That Built Overland

Big \$850 Light \$985

The Overland Big Four continues the famous 35 horsepower Over-land which made this institution the second largest automobile concern in the world—in eight

It is the same-comfortable, roomy, powerful, rugged car that for years has outsold all cars which now sell for more than \$400.

Its brand new body design makes it more attractive than ever. The wheelbase is 112 inches and it has long 48 inch cantilever rear

springs. We believe it is the most com-fortable, the easiest riding car to be had for the price—\$850.

And the Overland Light Six is likewise the excess value car of its kind.

Most of the body and chassis parts of the Light Six are the same as those of the Big Four.

So the Six shares directly in the economies of the combined duction of fours and sixes.

These cars exemplify with great clearness the excess values made possible through the economic effected by our huge production of the most comprehensive line of cars ever built by any one producer.

A Message to Every Automobile Owner in the Fox River Valley

An announcement that will be hatled by you who desire to enhance the beauty and appearance of your cars.

The Jeffery Auto Top Company of Nineteen North River Street herewith announces the inauguration of an Auto Upholstery Cover Service for this community.

Unholstery Covers Top Covers and

Kicker Pade for

Realizing the unprecedented advance of the motor vehicle, recognizing each year's addition to the number of cars in our locality, and making note of the motorists' demand from time to time for upholstery covers, we have arranged to supply their needs by se-curing the agency for the famous "Warner" Auto Seat Covers.

There is nothing that will uccentuate the beauty and appearance of a motor car more than the addition of luxurious, month-fitting Warner Upholstery Covers. They add that last touch of completeness, quality, tong, class and refinement sp cssential to motor car owners of discriminating taste.

Representing the highest development of auto upholstery cover construction, patterned and skillfully aildredt by high-class custom tailors—they produce the most serviceable, most luxurious and best fitting Representing the highest development of auto seat covers.

The materials in fifteen different patterns, are exceptional in weave, weating quality and appearance. Coming in plain and mixed golors as well as stripes, there is a pattern to suit any fancy and to match the interior finish of your car ise grades and

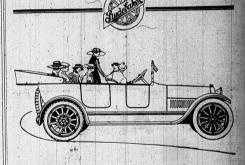

match the interior finish of your car he graces and prices to best suit one s purse.

As to fit we can gurantee it first-class and of the highest grade of workmanahip.

If you want to improve the appearance of your car, if you desire to protect its present upholstering, or cover the old, you will do well to come in and talk it

Jeffery Auto Top Company

Aurora, Illinois Nineteen North River Street

The Studebaker SIX -An Evolution

evolution. It is the result of four years concentrated study of the performance of 800,000 Studebaker Automobiles in the hands of owners.

It is even better than the Series 17, for it embodies ninety distinct improvements of mechanical construction, convenience and comfort.

It has been refined to a point of practical perfection. It is the lightest car in ratio to its power

on the market.

In ratio to power it is the most economical in consumption of gasoline. Its weight is scientifically distributed, its balance refined to such a point that a single set of times frequently runs from 8,000 to 12,000 miles.

THE Series 18 Studebaker Six is an The roadability, the easy riding qualities of Studebakers are recognized by all experienced motorists.

Like the Packard and Pierce, the Studebaker retains its graceful, aristocratic lines from year to year.

The manufacturing methods applied in the production of the Studebaker Six have been developed by four years' con-tinuous experience with single basic de-sign. This fact alone has enabled Studebaker to keep its price remarkably

Last year the entire Studeboter output was sold early in August. Lee comers were disappointed. This year, too, the production is limited. Be wise-place your order now.
